RULING ON ENTITLEMENT¹

On January 2, 2024, Brian Sheehan filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that he suffered a “Table Injury” of a shoulder injury related to vaccine administration (“SIRVA”) an influenza (“flu”) vaccination received on October 27, 2022. Petition at 1. Petitioner further alleges that he suffered the residual effects of his injury for more than six months, and that there has been no prior award or settlement of a civil action on his behalf as a result of his injury. Petition at 1-3. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On March 17, 2025, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report Conceding Entitlement to Compensation and Proffer of Damages at 1. Specifically, Respondent has concluded that Petitioner's injury is consistent with a SIRVA as defined by the Vaccine Injury table. *Id.* at 4.

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
